Forecast for Thursday 11 Mar 2021

Weather: Heavy rain and gales, severe on the summits, will clear eastwards during the early morning. Remaining rather windy thereafter, with sunny spells and scattered blustery showers. These will turn increasingly heavy in the afternoon, bringing a small risk of hail and thunder, with the snow level lowering to around 500m from late morning. Clear spells and showers continuing through the evening, but becoming less frequent.

Chance of cloud free mountain/hill tops above 600m: 60% at first, increasing to 80% by mid-morning.

Visibility: Generally good, becoming moderate or poor in rain/showers, and very poor in snow showers, with cloud occasionally lowering to 500-700m in association with heavier showers.
